

1    **Abstract of Disclosure**

2    A pet house made of paper includes a house-shaped box, at least one  
3    reinforcement device and a roof. The house-shaped box includes a front  
4    wall defining a door, a rear wall and two lateral walls. The front and  
5    rear walls both include an upper portion extending above the lateral walls.  
6    The reinforcement device is mounted on the lateral walls. The roof is  
7    mounted on the upper portions of the front and rear walls and the  
8    reinforcement device.
